golf

West Chester is a multiple tee, nine (9) hole golf course that plays to an 18 hole par 70. It measures 5700 yards with a slope rating of 126. The golf course is maintained in excellent condition and challenges players of all skill levels with tight fairways, 2 levels of rough, strategically placed bunkers, and small greens. It may look like a pushover on the card, but many walk away shaking their heads!

The course features bent grass fairways and greens. Par 3 holes range from 113 yards to 175 yards and require accurate irons to the correct side of the green for par. Practice facilities include a first class putting green and chipping area with sand bunker.

Although we maintain a fleet of golf carts for those who wish to ride, players may walk and either carry their bags or use a pull cart. The golf staff is comprised of two PGA professionals who operate a fully stocked pro shop and offer golf lessons

pool

Emphasis on our family orientation is best realized at the pool facility, serving club members and special pool members from Memorial Day through Labor Day. A 25 meter competitive pool helps make WCG&CC one of the premier swimming facilities in Chester County.

Our pool has an integral shallow water area with zero depth entry, that is handicapped accessible and ADA compliant. Along with many other new features, our pool provides a safe, fun environment with a large grassy area for families to visit and utilize throughout the summer. There is a bathhouse and adjoining snack bar for our member's convenience. The Pool facilities are also available to rent for private parties.
